## Common Questions

*Q: Which programming language was used to write it?*

A: wkSorting Source was written in HKPGen Definition. More plugins written in HKPGen Definition can be found on the Plugins page.

*Q: Do I need the exact versions of software listed under the Requirements?*

A: The versions listed are the minimum versions required by this plugin. For example, a plugin that requires HTML-Kit Build 290 will run on HTML-Kit Build 292 as well.

*Q: What's the best way to check which version of HTML-Kit I'm using?*

A: The build number can be found on the "About" dialog, which is located on HTML-Kit's "Help" menu.

*Q: What are \*.hpd files?*

A: \*.hpd files (HTML-Kit Plugin Definition files) are used to store information about plugins created using the Plugins Generator. They can be opened using the Plugin Generator's "File | Open" main menu option.
